HART KIENLE PENTECOST

Attorneys at Law

At Hart Kienle Pentecost, we understand the importance of follow-through and completing a plan.

While nobody anticipates litigation, you must be prepared to protect your business in all areas of civil and administrative matters.

Hart Kienle Pentecost is a highly experienced law firm in Orange County with over 40 years of experience representing contractors, subcontractors and design professionals. We understand the unique and specific legal needs of your industry. We offer a proven track record in a wide variety of matters such as:

- Bid protests
- Licensing
- Public works audit & compliance
- Union labor/wage disputes
- ADA disputes
- Construction defect disputes
- Mechanics' liens & stop notices
- Surety bond & insurance claims
- Contract negotiation & disputes
- CSLB compliance

As is often the case, we assume that a significant portion of your legal needs involve mechanics' liens. As you know, California law requires that a lien be "perfected" by filing a lawsuit within ninety days of the recording date. If you contact us early enough, we will try to resolve the mechanics' lien without litigation. It sometimes can be as simple as sending our demand letter, which we can do for a **flat rate**.

Call now for a free consultation to discuss any of your legal needs. If you would like to hear how we can help you, contact us today.
